Planner and Controllers Needed for 2013

Book your events for 2013 now. We have drafted a full programme (see above), but if we don't get all the planners and controllers required events will need to be cancelled. Josie is stepping down as Events Co-ordinator (see situations vacant) but would like to hand over a pretty full calendar to the new co-ordinator.

Please send your preferred events to Josie.boland@xtra.co.nz

Vivien On Volunteers

New Zealand 2013
Orienteering Championships

December Update on Nationals 2013

Help wanted:

There are always lots of ways that you can experience the joy of giving back to our sport, which is an amateur community-based volunteer-run sport after all, AND I certainly won't be the only person asking for your help in the next year, but I would really appreciate it if you could start to think about how you can help the core group of your fellow PAPO members that are running the NZ Orienteering championships next Easter.

For example, in the next few weeks, we really need to step up our promotion of the event both online and in real life so as to make sure we get decent numbers attending. If you are a networking whizz and have a couple of hours a week that could be spent on this, I'd love to hear from you.

Closer to the time, it would be great to try to garner some media interest. Good press contacts anyone?

At the event itself, we will need:

- A strong team of early risers to set-up
- Firm and clear-voiced Start officials who know the rules inside and out
- Witty and knowledgeable commentators/mcs (you've got time to swot up if you start now!) who can keep the atmosphere fantastically exciting and fun
- Friendly host(esses) at Registration and the BBQ
- Helpful assistants for the Sport Ident team (ideal job for younger club members)
- Ever-ready super endurance athletes who still have the energy to collect controls and pack up at the end of each day no matter how long and hard their course was

I intend to email out a link to a Google document to all members soon into which you can enter your own preference for a job, but in the meantime, if one of those 'person descriptions' looks just like you, let me know on jan.ian@paradise.net.nz!

PS Just so you know, the link to the online Entry form is up on both the Nationals website and the Club website if it is better for your cashflow to enter now rather than closer to the time, and the Planners and Controllers are now underway plotting devilishly perfect courses! Now you know who to bribe...

| Event | Planner | Controller |
|--|-------------------|----------------------|
| Sprint - Ferrymead | Chris Forne | Jean Cory-Wright |
| Middle and World Ranking Event - Tūhaitara | Carsten Jørgensen | Tim Wright |
| Long - Dalethorpe++ | Andrew Johnstone | Alistair Cory-Wright |
| Relay - Kura Tawhiti | Michael Smithson | Jenni Adams |

Alister Metherell will be also providing technical oversight of all events.

New PAPO Uniform Design!

A creative uniform ideas workshop was held at the Holliss Ave studio on Monday 8th October with nearly 20 of the club's younger members in attendance. Fueled on pizza and cake, the crew debated a number of unique designs ranging from the Kea to the perfect TWALK uniform. From this meeting much discussion followed and in the end the uniform ideas were refined down to a simple Black, Red and White design, based around the traditional Canterbury region colours. Trimtex was decided as the supplier over DirtyD as many people preferred the fit and fabrics of Trimtex.

Tops will be available in 3 different styles, including fitted, loose or long-sleeved options. Pants would be the basic black Trimtex pants or any black pants or tights.

Watch this space for information on how to order your new PAPO uniform...

REMINDER: STRATEGIC PLANNING PROCESS

A reminder that we are in the process of developing a new strategic plan for the period 2013-16. A 'planning process' document is on the NZOF website (www.nzorienteering.com) and has also been sent to club secretaries. The intent is to have a draft plan completed in early 2013, with a final plan being endorsed at the 2013 AGM, to be held at Easter. Participation in the process is invited from as many orienteers and stakeholders as possible; feedback and comments can be sent to the General Manager.

As part of the process the document poses a series of questions for consideration:

- What are the key challenges facing orienteering?
- What would your vision for the sport be for 2016?
- Where are our greatest opportunities to develop the sport?
- What are our strengths? Weaknesses?
- What should the role of NZOF be? Versus clubs?
- What should we stop/start/continue doing?
- What got you into orienteering, and what keeps you in orienteering?

November 2012

REGIONAL SPORTS AWARDS

During November, quite a few orienteers have been finalists for various regional sports awards. Matt Ogden was a finalist for the Unitec Sport Waitakere Sportsman of the Year (where the winner was Mahe Drysdale). Similarly Chris Forne was a finalist for the third year running for the Marriotts Canterbury Sportsman of the Year (where the winner was Richie McCaw). Other award nominees in Canterbury were Ed Cory-Wright (junior sportsman) and Selena Metherell (junior sportswoman).

In Counties Manukau, the Counties Manukau club was a finalist for the club award with other finalists including James Bradshaw (coach of the year) and John Robinson (administrator of the year). Well done all.

Christmas Capering in Akaroa

The weather certainly came to our Christmas party. What a beautiful day – but then I wasn't running around in the heat was I, well not officially anyway. And a good turn out to boot. As Planner and Controller I trust everybody found something to their liking during the day or perhaps more to the point found the controls they were looking for! I didn't have chance to catch up with people after the morning's score events but I hope the added complexity of the special controls added an extra dimension to route choice decisions for those who are old hands at Street Events.

It was interesting to see that Tim F, who was on the Akaroa Adventure course, was still able to log the equal highest score against those who had all the controls right from the Start in the Mini event - and that's even after having to return to the school grounds at one point to get a new pencil. (Moral: Bring your own biro !) It was also interesting looking at the answer sheets to see the different strategies people had taken to cope with the special controls. As planned, visiting both didn't automatically mean getting a higher score.

The Czech visitors did well particularly given that many of the answers required a good understanding of English (that is of the language not my convoluted mind.) Having been in the Czech Republic recently I know I would have failed miserably had the roles been reversed.

The Gardens Gallop speedsters were definitely the visiting Swedes although Tim did a splendid job in preventing them from achieving a clean sweep. The spread of times for the rest was pretty much on a par with when we last held a Sprint Event in the Gardens of Tane in 2008.

Control 11 seemed to have caught a number of people out so I went back with Val, as an independent arbiter, to check on the control location and description and the path layout in the area. It's probably no comfort to those who spent some time hunting around but the paths were correct – lots of people missed the initially vague path heading off directly by the side of the piece of play equipment. This mistake, caused by oxygen deprivation after the run uphill to control #10 perhaps, seems to have been the root cause of most problems resulting in people hunting around between the two lower paths. And by the way technically a "distinct tree" in orienteering terms doesn't necessarily mean it has to be large, just different from the surrounding trees and vegetation. However I will admit I had toyed with the idea of adding the word "Nikau" to the description just to avoid confusion. In retrospect that might have helped but you would still have needed to be on the correct path in the first place.

Overall the map in general is probably a bit rough when blown up to 1:2,000 if one is going to try and accurately navigate cross country. However it didn't seem to bother the Swedes even though one of them admitted to having to climb one of the clay cliffs with his map in his mouth!

Running two events (or was it three?) and the annual prize giving picnic all on the same day requires quite an effort from all concerned so I'd like to say a special thanks to the two pixies Val and Janet, who is not even a member these days, and to the lone elf Brian who was out from the crack of dawn setting things up. Thanks also to others who stepped into the breach from time to time

Deadlines: Generally the beginning of the month.
 Contributions should be sent by email where possible as we never open the mail!

DEADLINE FOR DECEMBER ISSUE: 14 JANUARY 2013

Ads: Cost \$50 per half page per month or \$400 per half page per year. Non-orienteering or related ads may not be accepted.

Accuracy of information: Please check latest event information as details may vary from print time to event time. The best sources for updates are the PAPO and Maptalk websites (details above) and the regular email bulletins sent out by the club.

General Information

WHISTLES EVERYONE please note that carrying a whistle while running a course is recommended.

Cancellations - Events are usually only cancelled in the event of extreme conditions such as heavy snow, flooding, dangerous river conditions etc., which are more likely to affect mountain areas. Should an event be cancelled, **NewstalkZB 1098 AM** will be notified. Cancellations are repeated half-hourly from 6 am, then hourly from 9 am.

Start times - vary and are published in the event notices. For most club events registration is from 10am, the first start is 10:30am and the last start is 1:00pm. Course closure is 2.30pm so late starters only have 90 minutes for their run.

Finishing and Course Closure - Please remember to always come to the finish area, whether you finished your course or not and hand in your control card or punch the finish box, so that we can account for everyone who started. Course closure is the time at which you MUST have returned to the finish area even if you have not yet completed your course. It is at this time that the organisers may start taking in controls (and looking for you if you have not returned).

Helpers - All members are asked to be helpers during the year. The Volunteer Co-ordinator will contact you by email or by phone and the Chief Organiser will contact you shortly afterwards to make arrangements. Please contact them when you arrive at the event. Helpers who set up/pack up/work on registration may opt for a free run on the day or receive VIP points.

Control collection - Please offer to collect controls at the end of the event and receive VIP points.

Dogs - No dogs on Farmland please!

Permanent Courses: Three are available, with options to suit a wide range of abilities, including beginners/children and experienced orienteers. **Victoria Park:** maps (\$3.50) and full instructions are available at the Christchurch City Council Beckenham Service Centre, 66 Colombo St. (Open normal business hours; ph: 332-3099) and at the Port Hills Visitor Centre, Victoria Park. Groups planning to use the Course should let the Ranger know beforehand by phoning 332-9889. **Spencer Park:** maps and instructions are available at the Spencer Park Camp Shop, \$3 each. **Hokitika:** a park and street map outside CHCH but under PAPO's care. Starting in Cass Square Hokitika. Maps are available (FREE!) from the Hokitika Visitor Information Centre (I-site) or Westland District Council. You will need a pencil to write down the codes on the control.

Library - The club has a collection of orienteering books etc. available for members to borrow in the caravan. General introduction to orienteering, plus training, coaching, course setting, fitness, and rogaining are covered by the 16 or so titles on the list. Some are older 10-20 year-old "classics", but we have recently added some new publications. **In addition, look on the website → Web Page Links → 'the Little Book of Orienteering Techniques'.**

Further information about the Permanent Courses and about other orienteering opportunities please email PAPO on info@papo.org.nz.
