Big Mistakes at WOC 2006

Did anyone have a bad run at the Canterbury Champs last week - a big 180, a 90 or a complete mind explosion? Well don't worry, you're not alone. Below are some examples of the simple erros made by some of the world's elite orienteers at the 2006 World Orienteering Championships in Denmark.

David Andersson (SWE)

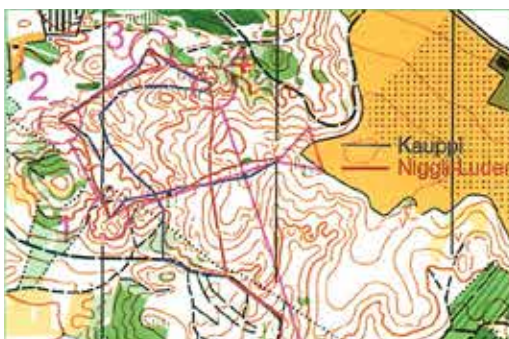

David Andersson will remember the Men's Middle-distance Final day for as long as he lives - for all the wrong reasons. He was going well until he reached the spectator control #11. Then something went terribly wrong for him. After punching #11 he turned right when he should have turned left and ran off towards #22. All this in front of thousands of spectators, TV cameras, the Big Screen - the lot. All credit goes to the Swedish commentator who had to bite his tongue so as not to alert Andersson to his mistake.

Andersson certainly wasn't alerted - he kept going to #21, #20 (a control surrounded by photo journalists), #19, #18, #17, #16 and #15. Only at #15 did Andersson realise his mistake so he headed off to #12 then retraced his route back to the Finish. What was going through his mind? Only David Andersson knows.

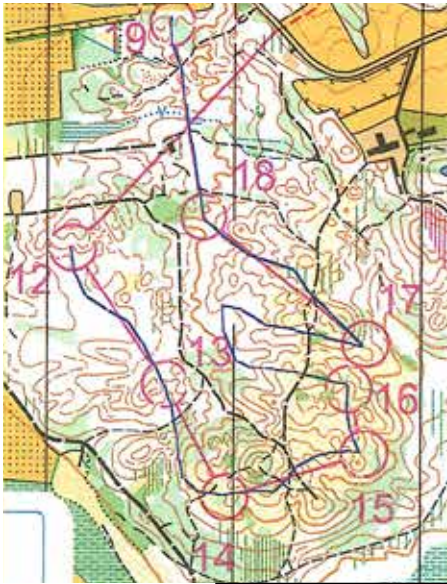

Minna Kauppi (FIN)

In the Women's Middle-distance Final the effervescent Finn, Minna Kauppi, finished a very credible 4th, but she could have had a Bronze medal had she not made a 90 degree error at #4. She lost close to one minute on the leg from #4 to #5 but only missed the Bronze by 11 sec. As she punched #4 she must have looked up and mistaken the small hill to the west for the much larger hill to the south. Uh Oh, what a costly mistake.

Women's Middle Distance Final

			#5	FINISH
1	S. Niggli-Luder	SUI	6:02	33:58.1
2	M. Andersen	NOR	5:51	34:20.5
3	T. Riabkina	RUS		36:13.9
4	M. Kauppi	FIN	6:58	36:24.9

Valentin Novikov (RUS)

In the Men's Middle-distance Final, Novikov was leading by a good margin when he punched control #16. The Gold medal was his for the taking - all he needed was a clear run through the last few controls. Unfortunately, he thought he was at #17 and so headed left towards #18 - a long way left. He realised his mistake but lost over two minutes. He finished in 5th place, some 54 seconds behind the winner Holger Hott Johansen (NOR).

Middle Distance Final - Men

		#15	#16	#17	#18	#19	FINISH
H.Hott Johansen	NOR	1:15	0:39	0:25	1:41	1:16	35:49.4
V. Novikov	RUS	1:11	0:39	2:44	1:42	1:17	36:43.5

Michela Guizzardi (ITA) & Hilary Saeger (USA)

Hilary Saeger had a nightmare start to the women's Sprint Final when she couldn't find #1, found #2 then almost returned to the Start before she found the correct route to #1. Thoroughly demoralised she ran up to the spectator control #10 behind Italy's Michela Guizzardi who had passed her earlier. Guizzardi then made an (almost) 90 degree error in front of the grandstand crowd

of thousands, heading off into nowhere, and Saeger trotted off behind her. Clearly Saeger was following Guizzardi but she wasn't disqualified - very interesting.

Newsletter Information

If you have an orienteering story, picture, news items or a good idea, I would love to hear from you! The PAPO newsletter is produced under guidelines of the PAPO Committee. The editor may shorten, lengthen or embellish contributions, all in a respectful way, of course!

Deadlines: Generally the beginning of the month.

Contributions should be sent by email where possible as we never open the mail!

DEADLINE FOR DECEMBER ISSUE: 10 December 2013

Ads: Cost \$50 per half page per month or \$400 per half page per year. Non-orienteering or related ads may not be accepted.

Accuracy of information: Please check latest event information as details may vary from print time to event time. The best sources for updates are the PAPO and Maptalk websites (details above) and the regular email bulletins sent out by the club.

General Information

***WHISTLES* EVERYONE please note that carrying a whistle while running a course is recommended.**

Cancellations: Events are usually only cancelled in the event of extreme conditions such as heavy snow, flooding, dangerous river conditions etc., which are more likely to affect mountain areas. Cancellations will be published on the website www.papo.org.nz

Start times: vary and are published in the event notices. For most club events registration is from 10:00am, the first start is 10:30am and the last start is 1:00pm. Course closure is 2:30pm so late starters only have 90 minutes for their run.

Finishing and Course Closure: Please remember to always come to the finish area, whether you finished your course or not and hand in your control card or punch the finish box, so that we can account for everyone who started. Course closure is the time at which you MUST have returned to the finish area even if you have not yet completed your course. It is at this time that the organisers may start taking in controls (and looking for you if you have not returned).

Helpers: All members are asked to be helpers during the year. The Volunteer Co-ordinator will contact you by email or by phone and the Chief Organiser will contact you shortly afterwards to make arrangements. Please contact them when you arrive at the event. Helpers who set up/pack up/work on registration may opt for a free run on the day or receive VIP points.

Control collection: Please offer to collect controls at the end of the event and receive VIP points.

Dogs: No dogs on farmland please!

Permanent Courses: Three are available, with options to suit a wide range of abilities, including beginners/children and experienced orienteers. **Victoria Park:** maps (\$3.50) and full instructions are available at the Christchurch City Council Beckenham Service Centre, 66 Colombo St. (Open normal business hours; ph: 332-3099) and at the Port Hills Visitor Centre, Victoria Park. Some are older 10–20 year-old “classics”, but we have recently added some new publications. **In addition, look on the website → Web Page Links → ‘the Little Book of Orienteering Techniques’.**
